ABOUT ME

- Dynamic problem solver and innovator with a passion for Excellence and Learning.

EDUCATION

- Blessed Assurance Academy :** (2007 - 2015)
- Kongoni Primary School :** (2016 - 2017)
- Mavoko Boys High School :** (2018 - 2021)
- Moringa School :** (Feb 2023 - November 2023)
Software Engineering bootcamp.

I enrolled for a bootcamp in Moringa and acquired hands on and practical skills that will help in creating and developing outstanding Websites and Web Applications.

ACHIEVEMENTS

- Book Bloom** - this is an online library that allows users to view and purchase a book online.
- SpeedySend** - this is an online delivery application that allows users to buy goods from their favourite shops and get delivered.
- Community Crafters** - this is an online market where a user can find and book service providers for example plumbers, mechanics, etc.

SKILLS

- Programming languages : JavaScript, Python
- Web Development : HTML, CSS, TailwindCSS and Flask
- Front-end frameworks : React
- Back-end frameworks : Python
- Database : SQL, MySQL and PostgreSQL
- Team Collaboration
- Problem Solving

EXPERIENCE

- Freelancing : (February 2023 - present)

I have been freelancing even before i finished college.

I have developed robust systems, web applications and a few other projects for various companies.

I have also personally developed unique applications and systems so as to improve my programming and coding skills.
